[Google Doc: About this survey](#)

[Google Form: Submit an entry for review](#)

[1] Fee shown is based on the charge for adults. Institutions with different prices for non-local adults are highlighted in orange.

[2] Many GLAMs make some – but not all – of their eligible data open access (e.g. for specific projects or outputs) whilst maintaining non-open access policies for most of their data.

This column indicates this for each GLAM by stating either 'all eligible data' or 'some eligible data'.

[3] GLAM policy statements are often conflicting, subject to change and do not expressly disclaim copyright. To provide some clarity for survey users, this column contains links to the most relevant rights policy and terms of use information provided on GLAM websites (when available). These pages are often generic and lacking in detail so caveat emptor.

[4] The rights statement that the GLAM applies to its metadata (often not stated explicitly).

All metadata submitted to Europeana must be provided as CC0 therefore GLAMs publishing open data in Europeana have CC0 marked in this column.
